

Lesley Clark-Loeser, MD
BTL provider and Davie, FL
dermatologist

Every Body Matters

"Practicing aesthetic and medical dermatology in South Florida for 16 years, I serve an amazing community of all skin types, ages, and bodies of all shapes and sizes. What they all share in one way or another, is a desire to feel good. As much as I have always had a passion for energy-based devices and lasers, I remained a skeptic in the noninvasive body-contouring space until the spring of 2018, when Emsculpt by BTL entered the aesthetic space. With our 'EmSuite' devices, we empower a relatively unlimited range of patients with goals of improved muscle tone, fat loss, reduced cellulite, smoother skin, improved symptoms of urinary incontinence for both men and women, and enhanced sexual satisfaction. Who doesn't want these things? Our EmSuite can be inclusive to all our patients. When BTL says 'Every Body Matters,' they mean it!"
